

Arboretum Leaf Dial

Assembly instructions:

1. Print out this Arboretum Leaf Dial
2. Cut out the dial and leaf ID circle (the stronger the paper, the better)
3. Laminate for a longer lasting leaf dial (optional)
4. Line up the turn dial and the leaf dial so the leaf name corresponds to the correct leaf
5. Poke a hole in the middle of the dial through both the turn dial and the leaf dial and push a fastener or paperclip into the hole
6. Bend the fastener or paperclip to keep papers together
7. Explore!
